- 4 GB RAM or more
- Monitor with a resolution of 1280 × 800 or higher

Compatible with all versions of Microsoft Windows from Windows 95 onwards, provided that the system meets the technical requirements of the program and any libraries used.

INSTALLATION

- Create a folder named "tatapatata".
- Extract the contents of the ZIP file into the "tatapatata" folder.
- Run the tatapatata.exe file.
- If Windows displays a security warning, select "More info" and then "Run anyway", after verifying that the file comes from the author's original distribution.
- If desired, create a shortcut on the desktop.

No additional installation is required unless otherwise specified.

GAME ACTIVATION

The game must be activated before it can be used.

- Send an email to aphousela@yahoo.com to request an activation code.
- Wait to receive the code by email.
- Start the game by running tatapatata.exe.
- Enter the activation code in the relevant field and confirm.
- Once activation is complete, the game will start automatically and will be ready to use.

LICENCE AGREEMENT

This software is distributed free of charge.

You may:

- use the program free of charge;
- keep a personal copy;
- share the original, complete package free of charge, without modifying its contents.

You may not:

- sell the software;
- request any direct or indirect payment for distributing the software;
- modify, decompile, disassemble or alter the program without the author's written permission;
- remove or modify the author's name, the copyright notice or this license;
- distribute modified versions of the software as though they were original versions.

The software "The World of Tatapatata" is licensed exclusively for free use. Its sale, rental, subscription-based provision or any other form of commercial exploitation is expressly prohibited without the author's prior written consent. Any infringement will be pursued to the fullest extent permitted under applicable copyright law.

WARRANTY

- The software is provided "as is", without any express or implied warranty.
- The author shall not be held liable for any direct or indirect damage arising from the use of the program.
- The user uses the software at their own risk.

IF THE GAME DOES NOT WORK

1. Right-click tatapatata.exe
2. Select Properties.
3. Open the Compatibility tab.
4. Enable compatibility mode.
6. Confirm the settings and start the game again.

IF THE VIDEOS DO NOT WORK

1. Install the required video codecs/drivers, such as K-Lite_Codec_Pack_1982_Standard.

Thank you for using "The World of Tatapatata".
